Area: This sociable village thrives with both The Bell public house (which has been community-purchased) and The Church at its heart. The Church also houses the village shop and post office, which won the 2021 Regional Midlands Countryside Alliance Awards for best shop/ post office. And to top it off... the Gallery Café is only a short walk away from your doorstep – a great destination for an afternoon catch-up with friends and neighbours.

The Development: The designs of the seven properties have been very carefully considered: earning their place in the surroundings by blending with the village's existing quality and style. Each individually conceived property sits centrally on its own plot and has its own garden, parking and garaging. The considerable investment in these properties is obvious - both in terms of the high quality raw materials and craftsmanship to the exemplary specified fixtures, fittings and finishes.

The Property: With its combination of timber, render and stonework Plot 3 is an attractive residence, sitting to the north-west of the development, occupying a southerly aspect. A large, L-shape driveway provides plenty of parking with further room available in a garage, which sits at the front of the plot. Inside, an entrance hall (with adjacent cloakroom) leads into a further, grand hallway with staircase. A large sitting room sits to one side of the property; this has a central fireplace and French doors leading out into the garden. The kitchen/dining space can be found on the other side of the building and a useful utility room sits to the property rear. Upstairs, 4 bedrooms (one of them, en-suite) and a family bathroom lead off a central landing.

The Developer: Staples UK Holdings is a national developer, based locally in the nearby Herefordshire village of Eardisland, committed to delivering high quality, beautiful homes. With a proven pedigree in the construction industry, the team behind the company have delivered a wide range of projects for companies as diverse as Amazon, Lidl, Aldi and Netflix as well as beautiful oak-framed buildings and homes of national renown.
